

Strengthening precautionary measures to contain COVID-19

**Two tests approved to enter the Emirate
of Abu Dhabi, provided that the same
type of test is not taken twice in a row
within a 6-day period**

1 A negative PCR
"nose swab" test result
received within 48 hours

2 A negative DPI
laser test result
received within 48 hours,
accompanied by a prior
negative PCR test result
received within 6 days

These new entry procedures start Thursday 27th August 2020

- Volunteers in the COVID-19 vaccine trials are exempt from these measures and are authorised to use emergency vehicle lanes for a smooth journey
- Violating these procedures will result in penalties and fines as outlined by the Attorney General
