

Climate Chamber Mission Sponsorship Opportunity
2021

Climate Chamber Mission

Glasgow Chamber of Commerce is hosting the Climate Chamber Mission, a unique hybrid two-day international trade and knowledge exchange mission which will be held during COP26. The Climate Chamber Mission is British Chambers of Commerce's largest ever international trade mission, leveraging the global Chamber Network to create lasting international partnerships for both Glasgow and international businesses.

This business leadership initiative is designed to support business in the delivery of sustainability and climate targets. By invite only, the mission is for successful organisations in targeted territories who are seeking to build international partnerships.

The Climate chamber Mission is designed to support businesses to learn, trade and connect. Participants will also have the opportunity to identify new revenues, while collaboration together on new markets, product ideas, cost savings and prepare for likely changes in governmental regulations.

The Climate Chamber Mission will be the main international trade mission being held during COP26.

Participating Partners:

British Chamber of Commerce for Italy
British Chamber of commerce in Germany
British Chamber of Commerce in Indonesia
Australian British Chamber of Commerce
British Chamber of Commerce Singapore
British Norwegian Chamber of Commerce
East Lancashire Chamber of Commerce
British Bulgarian Business Association

The Details

Connect with up to 100 companies from 10 countries.

There will be two overarching themes:

- Sustainability
- Circular Economy

Delegates will receive business to business meetings with fellow attendees and will be invited to join sessions with keynote speakers, expert forums, networking with peers and site visits for in-situ delegates.

An ongoing community for participating companies will be created, building on the legacy of COP26. This will facilitate future collaboration, innovation and business opportunities.

Participating Sectors

Built Environment
& Construction

Sponsorship Opportunity

Benefits include:

- Full prominent branding as our partner on the Climate Chamber Mission.
- Invitations and engagement through our Climate Chamber Mission activity.
- Partner branding on the Glasgow Climate Chamber web area.
- Facilitated introductions to participants and beneficial overseas Chamber networks.

Sponsors can expect to receive the following:

- Be part of Climate Chamber and the work Glasgow Chamber is doing to support and grow the business community through:
- Accessing unparalleled insight into the Glasgow business community via our networks.
- Raise the profile of your business with extensive media and social media coverage.
- Speaker opportunity.
- Online promotion via social media campaign, website, email campaign.
- Online profile of your business on Climate Chamber website.
- Complimentary event tickets for your clients and staff.

Sponsorship is valued at: £25,000 + VAT

Sponsor 10 delegate places

Support ten leading sustainable and circular businesses to participate in the Climate Chamber Mission.

Benefits include:

- Full prominent branding as our partner on the Climate Chamber Mission.
- Facilitated introductions to the ten companies benefiting from subsidised places on the mission.
- Connect and build relationships with these leading sustainable and circular companies.
- Partner branding on the Glasgow Climate Chamber web area.

We are looking for partners interested in providing sponsorship in the form of a bursary for ten leading sustainable and circular businesses for whom the participating mission fee is unachievable. These participating businesses will benefit from connecting with 100 international businesses from 10 countries, as well as have the opportunity to network directly with national and international peers in knowledge exchange, sharing best practice and facilitated solutions focussed discussions. They will also gain ongoing supporting around circular strategies and business sustainability via the international British Chamber of Commerce and Circular Expertise networks.

Sponsorship is valued at: £10,000 + VAT
